## Product assembly:

Open here

1.Expand the framework
Release the hook and hold the handle with both hands until you hear a click, which means the frame is fully open.

2. Use of front wheels
Insert the front wheel into the wheel seat of the front hole, and then hear a "click" sound to complete the installation. Press and hold the button of the front wheel quick release part and pull it down to remove the front wheel.

Remove button

3. Use of rear wheels:
Insert the rear wheel into both sides of the rear wheel bearing and the outer shaft hole of the rear wheel. You can hear a "click" sound to confirm successful installation. When disassembly is required, press the buttons on both sides of the bearing separately, and then pull it out outward.

4. Shopping basket usage

Remove the shopping basket from the shopping cart. The shopping basket can be carried by hand or carried on one shoulder, suitable for various occasions.

5、 Folding of New Shopping Cart

Remove the shopping basket and simultaneously push the button on the handle and press the button on the inside of the handle. Push and press downwards to complete the folding.
